

## Audience ClairAudient 1+1 V1 & V2 System Owner's Manual

Dear new Audience Product Owner,

Thank you for your purchase of the ClairAudient 1+1 loudspeakers. The 1+1 loudspeakers are truly the most unique monitor loudspeakers in the world and should provide you with many years of listening pleasure.

The 1+1 loudspeakers are highly suited for conventional two channel stereo systems as well as for small to medium home theater systems. The 1+1 will perform superbly with any number of quality amplifiers. Whether it's a tube amp, a class A, AB or Class D amp, the 1+1 will deliver the music in a clean and uncompressed fashion.

For optimum **sweet spot** results, the speakers should be aimed directly at or just behind the primary listening position. However, to provide an extra wide "**sweet space**" for multiple listeners turn in the

1+1 at a 45 degree, such that the apex crosses in front of the listening position as shown to the right. Pairing the 1+1 with a quality subwoofer, is recommended for playback in larger rooms and with home theater systems for the full affect of dynamic movie sound tracks. However, for a great many environments, the 1+1 will be found entirely suitable without the addition of a sub-woofer. There are a number of excellent subwoofers on the market. If you would like a recommendation, please feel free to call us.

The 1+1 loudspeakers will go through a break in period. Initially listening might yield some "tightness" to the sound. However, after 20 - 50 hours of playing this tendency begins to disappear and continue to blossom up to 100 hours of playing.

Again, thank you for your purchase of the ClairAudient 1+1 loudspeaker system. We sincerely hope you enjoy listening to them as much as we enjoyed building them.

## **Audience ClairAudient 1+1 V1 & V2 Loudspeaker Limited Warranty**

Audience ClairAudient loudspeakers are precision engineered and built to provide years of enjoyment. The Audience Limited Warranty for loudspeaker products lasts for a period of five (5) years from the date of original purchase against faulty material and/or workmanship.

The Audience Limited Warranty is subject to the following restrictions:

The Limited warranty is valid only in the original country of purchase. This Limited Warranty is non-transferable and is valid for the original purchaser. This product must have been purchased from an authorized Audience dealer.

Should your ClairAudient loudspeakers fail to function properly due to manufacturing defect, Audience, at its sole discretion, will repair or replace it free of charge.

Should service be required, please contact Audience for a return authorization number, from Audience customer service. Please include a copy of your original sales receipt which clearly shows the date of purchase and serial number. We strongly recommend that speakers be packed in the original cartons and packing material and that all shipments be insured. Your product will be returned as soon as any necessary repairs or replacement have been made.

**This warranty does not cover products which have been:**

- 1) Damaged due to accident, excessive moisture, lightning, power surges, unauthorized tampering alteration or modification.**
- 2) Overloaded, abused, misused or operated with faulty or unsuitable equipment.**
- 3) Products which have had the serial number removed or those purchased from non-authorized dealers.**

The maximum liability of Audience shall not exceed the actual purchase price of the product shown on the original sales receipt.
