

Audience aR-12 Power Line Conditioner

This is a remarkable product. And, in my experience, **audibly superior to every other "conditioner" I have tried out** (and given the peculiarities of the power network in New York, I have tried more than a few over the years). It is, to use a word from the earliest days of the hi-fi delity movement, simply much more transparent than the competition. And Audience lets you hear more ambient information, more definition and articulation of the musical images, and all that with what sounds like a reduction on those hard-to-describe distortions that ride atop a musical (or electrical, one supposes) signal. More to come.
