NOW SHIPPING**

*-- Quantum leap for already SOTA technology --*

San Marcos, CA, June 28, 2008 - Audience, LLC, an award-winning designer and manufacturer of high-resolution capacitors, audio cables and power conditioning products, today announced the release of new Adept Response “T” ultra high resolution power conditioners.

“Our highly acclaimed Adept Response high resolution power conditioners have been an industry staple for many high end audio/video enthusiasts over past years. Like every product we sell, the new aR-T (Teflon) line of ultra high-resolution power conditioners is

the result of our giving our engineers the time and resources to make a truly advanced product. We feel that the new cost no object aR-T power conditioners are simply the most resolute and transparent conditioners ever engineered.” Like the standard aR conditioners, these new products are offered in six and twelve outlet systems, MSRP \$4,600 and \$8,000 respectfully, in black or plain satin anodized aluminum.

Audience, LLC was established in 1997. Since then, the company has become one of the most respected producers of audiophile grade cables, powerChords, Adept Response power conditioners, and Auricap and Aura-T capacitors.
