

Audience Adept Response High Resolution Power Conditioners
aR2 and aR2-T – NOW SHIPPING

The aR2 ([Auricap](#) filter capacitors) and aR2-T ([Aura-T](#) filter capacitors) are extra heavy duty power conditioners designed to handle the highest demanding of power amplifiers. The aR2 sports a 32A PowerCon AC connector and NEW extra heavy ground plane technology. However, the aR2 is not limited to heavy current amplifiers. The performance of the aR2 is exemplary and contains approximately the same aggregate capacitance filtering as the larger aR6 (six outlet) power conditioner.

The aR2 MSRP is \$2,100 and the aR2-T MSRP is \$4,200.00. The aR2-T is being offered at \$3,900.00 as an introductory special price. Available in plain or black grained satin anodized aluminum in 120v and 220v for all countries. Six foot Audience powerChord e included. NEW Audience Au24 powerChord option available for an extra \$1,525.00.
